NC-TOPPS

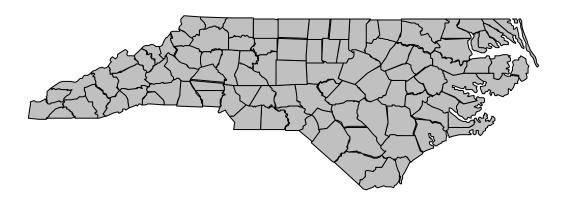

North Carolina Treatment Outcomes and Program Performance System

Adult Substance Abuse Consumers: Eastpointe LME

Initial Assessments

July 1, 2007 through June 30, 2008

This report includes consumers receiving only substance abuse services, and those receiving both substance abuse and mental health services.

Data Collected By: Center for Urban Affairs and Community Services (CUACS)

NC State University

Report Produced By: Institute for Community-Based Research

National Development & Research Institutes, Inc. (NDRI)

Prepared For: Quality Management Team

Community Policy Management Section

DMH/DD/SAS NC DHHS

July 2008

Adult Substance Abuse Consumers

Introduction to Report

This type of report is available to Local Management Entities, providers and the NC Division of Mental Health, Developmental Disabilities and Substance Abuse Services on data gathered for substance abuse consumers through the North Carolina Treatment Outcomes and Program Performance System (NC-TOPPS). It provides information gathered through the online NC-TOPPS Initial Interview and includes seven pages of charts, tables and text information on consumers' demographic characteristics, substance use, symptoms, behaviors and activities, service needs, supports and barriers, family and housing issues and outcome measures collected through an interview with the consumer at the beginning of their treatment. It should be noted that not every data element or response category on the NC-TOPPS Initial Interview is displayed in this report.

Please note that the charts and tables may not always match online queries that you may conduct. The data used in these reports will not necessarily reflect the same points in time. In addition, NDRI who produces these reports cleans the data and removes apparent duplicates prior to preparing the tables and charts.

Additional information about NC-TOPPS and printable version of the interviews are available at http://www.ncdhhs.gov/mhddsas/nc-topps/

General Information on Interpreting Tables

Types of Statistics

- ► A count shows the actual number (often designated by the letter "n") of clients.
- ▶ A <u>percentage</u> is the number of clients with a characteristic or behavior divided by all the clients in the group of interest multiplied by 100. Percentages will be designated with a % sign next to the number.
- ► An <u>average</u> is the sum of a set of numbers divided by the number of numbers in the set. When a number in a cell is an average, the word average will appear in the row descriptor.
- ▶ A <u>median</u> is the middle number in a set of numbers, arranged from lowest to highest. For example, the median for the following numbers: 9, 12, 12, 15, 17, 20, 22, 23, 25, 28, 31, 35, 62 is the bolded number, 22. Medians are important measures of central tendency, especially when a mean may be skewed by a very high or very low value. When a number in a cell is a median, the word median will appear in the row descriptor.

Missing Data

For many of the NC-TOPPS forms received, a particular item or question may have been left blank. In calculating the means, medians, and percentages in cells of questionnaire items, this missing data is excluded from the calculation. For example, program X may have submitted 50 assessments but in 2 of the assessments, gender was left blank. When the percent of males is calculated, the 25 males are shown as 52% (25/48*100).

Denominator

The denominator for nearly all percentages is the number of cases shown on the bottom left of the page minus item missing data. All exceptions to this general rule are **specifically noted** with appropriate text in the graphic or table. This text will state which group is included or excluded from the denominator, such as "of those in the labor force" or "of those with children."

Multiple Response

"Multiple response" indicates a "mark all that apply" type question in which more than one response to a question is allowed. The total of responses may add to greater than 100%. Examples are health insurance or target population. This is in contrast to items such as gender where only a single response is allowed.

Definitions of terms

The Appendix at the end of the report gives definitions of acronymns, abbreviations, and other terms used in this report.

Notes:

Private methadone providers are excluded from the current report.

Initial Assessments Received July 1, 2007 through June 30, 2008 Adult Substance Abuse Consumers by Provider Eastpointe

This table shows the number of consumers in this report by provider.

Initial Assessments Received July 1, 2007 through June 30, 2008 Adult Substance Abuse Consumer Characteristics Eastpointe

1-2: Hispanic Origin

Of the Eastpointe consumers, 6% indicate that they are of Hispanic, Latino, or Spanish origin.

1-3: Race/Ethnicity

1-4: Age Group

1-5: Gender and Age

1-6: Gender and Race/Ethnicity

Initial Assessments Received July 1, 2007 through June 30, 2008 Adult Substance Abuse Target and Special Populations and Programs Eastpointe

2-1: IPRS Target Populations

2-3: Special Programs

2-2: Special Populations

2-4: Health Insurance

Initial Assessments Received July 1, 2007 through June 30, 2008 Adult Substance Abuse Consumers' Substance Use Eastpointe

3-1: Primary Substance Problem

3-3: Cigarette Smoking

Overall, 68% of Eastpointe consumers report that they smoked cigarettes in the past month and 43% smoked a pack a day or more.

3-4: Injection Drug Use

9% of Eastpointe consumers report that they have ever injected drugs for a nonmedical reason.

3-5: 90-Day Abstinence from Alcohol and Drugs

Eastpointe consumers were asked how long they have been abstinent at this time. 26% reported abstinence for at least the past 90 days.

3-2: Self-Report Substance Use, Past 12 Months

3-6: Self-Report Substance Use, Past Month

Initial Assessments Received July 1, 2007 through June 30, 2008 Adult Substance Abuse Consumer Symptoms, Behaviors, and Activities Eastpointe

4-1: Severity of Mental Health Symptoms,

4-2: General Assessment of Functioning (GAF)

GAF scores were reported for 98% of Eastpointe consumers. The average score was 44.3 and the median score was 45.

4-3: Consumer Ratings on Quality of Life

4-4: Experienced Violence

Physical violence, past 3 months	15%
Sexual violence, ever	17%
Sexual violence, past 3 months	1%

4-5: DSM-IV Diagnoses

Diagnostic Category	%
Drug Dependence	63%
Alcohol Dependence	42%
Drug Abuse	17%
Alcohol Abuse	14%
Major Depression	31%
Bipolar disorder	14%
Schizophrenia	7%
Anxiety disorder	6%
Personality disorder	6%
PTSD	6%

Only most common diagnoses shown. Multiple response

4-6: How Often Problems Interfere with Work, School, or Other Daily Activities, Past 3 Months

4-7: Lifetime Suicide Attempts

31% of Eastpointe consumers have attempted suicide at least once during their lifetime.

4-8: Behavior Problems and Symptoms Expressed, Past 3 Months

	%
Suicidal thoughts	35%
Tried to hurt or cause self pain	9%
Risky sexual activity	6%
Hit/physically hurt another person	12%

Initial Assessments Received July 1, 2007 through June 30, 2008 Adult Substance Abuse Consumer Service Needs, Supports, and Barriers Eastpointe

5-1: Public or Private Health Care Provider

Among Eastpointe consumers, 31% report that they have a health care provider and 26% have seen their provider within the past year.

5-2: Service Needs Rated "Very Important"

5-3: Support for Recovery 100% - 90% 92% 80% - 60% - 40% - 20% - 0%

Have positive adult role

model(s)

Have supportive family or

friends

5-5: Consumer Participation in Positive Activities, Past 3 Months

Initial Assessments Received July 1, 2007 through June 30, 2008 Adult Substance Abuse Consumer's Education, Family, and Housing Issues Eastpointe

6-1: Highest Educational Achievement

6-2: Marital Status

Never married	47%
Married or living as married	19%
Divorced/Widowed/Separated	34%

6-3: Children Under 18

45% of Eastpointe consumers have children under age 18.

Of those with children	
Have custody of all children	41%
Have custody of some children	10%
Have custody of none of children	49%

6-4: DSS Involvement

6-5: Where Lived

Note: Of Eastpointe homeless consumers, 26 were in shelters and 21 were not in shelters.

6-6: Times Moved Residences in the Past Year

No moves	49%
Moved once	23%
Moved two or more times	27%

6-7: Pregnancy Status

Number currently pregnant	9
Number uncertain about pregnancy status	8
Number in first trimester	1
Number in second trimester	4
Number in third trimester	4

Note: Numbers may not add, due to missing data.

Initial Assessments Received July 1, 2007 through June 30, 2008

Adult Substance Abuse Consumers, Treatment, Employment, and Criminal Justice Issues Eastpointe

7-1: Outpatient Substance Abuse Treatment

35% of Eastpointe consumers have had outpatient substance abuse treatment during their lifetime.

7-2: Weeks of Outpatient SA Treatment in Past 3 Months (excluding detoxification treatment)

7-3: Health Care: Types of Services Received in the Past 3 Months

7-4: Employment, Past 3 Months

78% of Eastpointe consumers are in the labor force meaning that they are working, or unemployed and looking for work.

Of those in the labor force	
Employed full-time	23%
Employed part-time	17%
Unemployed (seeking work)	60%
Of those working	
Supported employment	12%
Transitional employment	6%

7-5: Arrest History

Any Arrests	
Ever	69%
Past month	8%
Misdemeanor Arrests	
Ever	60%
Past month	5%
Felony Arrests	
Ever	30%
Past month	1%
